1. Print the page on white cardstock.
2. Color the chick, and it's wings.
3. Fold the "egg" in half.
4. Cut through the top of the fold at the cracked opening.
5. Glue the chick's wings to it's sides at the "X's".
6. Tuck the chick into the egg and glue in place to one side of the egg, being careful not to glue the two sides of the egg together.
7. By slightly tapping one side the egg will rock the chick.
