

# Let's Compare!: Healthy Analogies

by Heidi Bee Roemer

Doctor is to patient... as parent is to child.

Eye is to wink... as lips are to smile.

Fingers are to hand... as toes are to feet.

Wrist is to pulse.... as heart is to beat.

Throat is to cough... as skin is to itch.

Sleep is to health... as germs are to sick.

Stomach is to food...as lungs are to air.

Chin is to beard... as head is to hair.

Dust is to sneeze... as tickle is to giggle.

Muscles are to flex...as tooth is to wiggle!
