

## Activities for "Five Fishies"

### How Many Fish?

Children can count the fish and put them in the fish bowl background mat. Can also be used for sorting fish by shape and color. Download fish bowl mat and colorful fish free!

### Go Fish!

Here's a fun DIY fishing rod craft & math game rolled into one! Help your child make a fishing rod and let them use it to catch numbered paper fish (or blocks, optional) using a magnet. Put the fish (or blocks) into a laundry basket. Call out a number and have them fish it out of the "pond!"
