

# The Cuboid Collector

by Heidi Bee Roemer

Big boxes! Small boxes!

*3D* perfection!

Each day I add more  
to my *cuboid* collection.

Their six-sided *faces*  
are sturdy and tough.

What's more, these *space figures*  
are fun to pile up!

Fat boxes, flat boxes  
cover my floor.

I bring in more boxes--  
I can't close my door!

Wall-to-wall boxes  
stacked high in my room.

They wobble.

They bobble.

They topple down--

*BOOM!*
