HoverPack 1.0

By Diana Murray

Heavy backpack? What a pain!
Tired of neck and shoulder strain?
Here's some news to make you cheer...
The HoverPack is finally here!

With jets that lift it in the air,
you'll stride in style with strength to spare!
No more trudging, feeling weighted.
HoverPacks are automated!

Feeling thirsty? Raise your cup
and HoverPack will fill it up!
If you're hungry, raise your hand
and snacks will drop down on command!

Late for class? No need to worry.
Say the word and off you'll hurry,
zooming down the halls with ease.
With HoverPack, it's all a breeze!

But wait. There's more! This trick will floor you:
It even does your homework for you!
Place your order. Don't delay!
Get your HoverPack today!

Warning: May cause headache, sneezing, weakness, nausea, brain fog, wheezing, or whiplash due to excess speed.
