How to do the TRICK:

1. Place the cloth over the top of the small table.
3. Hide your Tricky Toaster and piece of bread under the table until time to begin your performance.
4. Place the Tricky Toaster on the edge of the table facing the audience with the wood stick hidden.
5. Begin your act with your assistant by singing to the tune of the last two lines of I'm a Little Teapot:
"I'm a Tricky Toaster hear me shout"
"Put bread in and toast pops out!"
6. Ask the assistant to put the bread into the toaster. (*The assistant slips the bread into the secret pocket.*)
5. The assistant counts "Tick-tock" five times then rings a bell, or hits a chime.
7. The magician pushes up the toast to the amazement of the crowd!
